INTRODUCTION

This is the second edition of the Schedule of Classes for the Spring Semester 1973. This edition has been printed to reflect changes which have occurred and to clarify registration procedures not covered in the First Edition published in October 1972.

The University reserves the right to change, eliminate, or modify course offerings when, in the judgment of University authorities, circumstances make such action necessary.

The information outlined in this publication applies only to registration in the regular day programs of the College Park Campus of the University of Maryland. Students planning to register for courses offered through the University College (Off-campus or Evening Divisions), the Baltimore City Campus, the Baltimore County Campus, or the Eastern Shore Campus should follow registration procedures prescribed by those campuses.

CHANGE OF ADDRESS PROCEDURE

WHO?

ALL STUDENTS enrolled at the University of Maryland, College Park Campus.

WHEN?

Changes in either local mailing address or permanent address can be processed **AT ANY TIME DURING THE SEMESTER THAT THEY OCCUR.**

WHERE?

Address Change Forms are available at the following places:

1. Registrations Counter first floor lobby, North Administration Building, 8:30 a.m. — 4:30 p.m., Monday through Friday.

COMPLETED FORMS should be returned to the Registrations Counter, first floor lobby, North Administration Building.

WHY?

Since many of the University's new Registration procedures will be handled through the mail, it is imperative both to the student and to the Office of Admissions and Registrations that accurate and up-to-date addresses be maintained throughout the time of enrollment in the University.

Currently Registered Students — during the academic year the local address on file will be used for all mailings other than grade reports. All grade reports will be mailed to a student's permanent address.

Students Not Currently Registered — the permanent address on file will be used for all mailings.

UNIVERSITY COLLEGE REGISTRATIONS

A student who wishes to enroll in courses offered by University College should not fill out the regular on-campus registration materials distributed in the Armory. Prior to the evening he is scheduled to register for University College courses the student should obtain permission from his dean for these courses and alternates. Graduate students need not obtain a letter of permission from the Dean. Courses taken in University College or at another institution concurrent with regular registration on the campus at the University may not be credited without approval in advance by the dean of the college from which the student expects a degree. Registration for Evening Division courses on the College Park campus will be held in the Center of Adult Education on January 22, 23, 24, 25, and 26 according to an alphabetical schedule. For the exact time or for information concerning off-campus courses, consult the University College Schedule of Classes which may be obtained at the Adult Education Center at University Boulevard and Adelphi Road in College Park. For further information telephone 454-2311.

Notification in writing will automatically cancel the Registration charges except the Registration Fee (\$5.00) is not refundable even in cases where a pre-registration has been cancelled before the first day of classes. Failure to cancel pre-registration can result in financial obligations to the University even though the student does not attend classes. UNIVERSITY IDENTIFICATION SYSTEM

Each student registered with the University is issued a non-validated photo identification card along with a transaction plate. Students with photo cards issued during a previous semester should retain them and continue their use. New students may obtain a card in Reckord Armory during their registration procedure.

The transaction plates will be embossed with the student's name and Social Security number and will reflect a status code to identify undergraduates (Code 1) and graduates (Code 2); status code will precede the Social Security number. The status code and Social Security number will also be hollerith coded (punched) into the transaction plate. Finally, the transaction plate will carry embossed validation codes for lodging and activities. The reverse of the transaction plate will carry regulation statements and validating blocks for use by the Athletic Department.

Students must carry a current University transaction plate in order to establish their right to be on campus in a student role and to utilize the services afforded them by the University. The photo identification card by itself is not valid proof of an individual's status. Replacement fees for lost cards will be \$1.00 for photo I.D. and \$5.00 for transaction plate.

The new transaction plates for pre-registered students will be distributed in Ritchie Coliseum during the period January 15-19, according to the alphabetic registration schedule printed on page 00. All other students will receive temporary transaction cards in Reckord Armory during registration.

Questions regarding this system of identification should be referred to the Office of Student Affairs, North Administration Building, Room 210 or 203.

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to familiarize himself with the degree requirements indicated in The Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

For additional information about advisors and advisement procedures contact the Dean for Undergraduate Studies in Room 1115, Undergraduate Library or call on x2530.

Advisement is required for all first semester freshmen and transfer students. **GRADUATE** — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

BACHELOR OF GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree, recently approved by the Board of Regents, differs from other current degrees in that it is a degree without a concentration in a specific discipline or department.

The BGS program permits the student to obtain an education in as broad a set of disciplines or thought patterns as are offered at the College Park Campus without insisting that he adhere to a previously defined curriculum with a departmental or divisional orientation.

In this BGS program, the burden for motivation and direction is on the student. Good advice will guide him, but institutional commands will not compel him. Although this program is clearly a significant departure from current practices at this campus, it does not depart from the high quality academic standards required of other programs.

Students who elect this program should specifically be aware that it is not designed to satisfy graduate school admission requirements or professional employment requirements. The very concept of the BGS is predicated on a broad ranging educational objective and not on the more specific requirements of graduate school and professional employment. It will be some time before the attitude of employers and graduate schools become clear toward the graduate of the BGS program. Students electing it must be aware of these uncertainties and accept the responsibilities.

Additional information may be obtained from Dr. Margaret Carthy in the Office of the Dean for Undergraduate Studies (telephone: 2530/31).

REQUIREMENTS

To receive a Bachelor of General Studies degree, a student must satisfy the following requirements:

1. A minimum of 120 credits must be accumulated with a grade point average of at least 2.0 in all courses.
2. No more than 30 credits in any one department may be applied toward the required 120 credits.
3. The courses taken must be distributed over at least three divisions with a maximum of 60 credits in any one division counted toward the required 120 credits.
4. At least 45 credits must be taken at the upper level (courses numbered 300 or higher); a 2.0 average must be obtained in all upper level courses.
5. The student must be registered as only a Bachelor of General Studies major for at least the last 30 credits immediately preceding the awarding of the degree. A student who wishes to earn a second baccalaureate must satisfy all University requirements for the earning of two degrees.
6. The student pursuing the BGS program shall be advised by a faculty member either appointed or by acceptance to the Dean for Undergraduate Studies.

GENERAL EDUCATION REQUIREMENTS

The following specific courses may be used to satisfy the General Education requirements. The requirements listed below remain in effect or the Spring Term 1973. Further notice concerning the General Education Requirements or the proposed General University Requirements will be given prior to spring pre-registration for the Fall Semester, 1973. If the requirements are changed beginning with the Fall Semester, 1973, all students will have the option of either completing the present General Education Requirements or changing to the new General University Requirements.

The course descriptions appear in the Consolidated Undergraduate Catalog. In addition, a student may (within the limits of his particular curriculum) satisfy a General Education requirement in each category with any designated course for which he is eligible by placement examination, department evaluation, etc. Further questions should be directed to Rm. 1115, Undergraduate Library.

Students under the new University Requirements will receive credit toward graduation for all PHED courses.

FOREIGN LANGUAGE PLACEMENT

ARTS AND SCIENCES REQUIREMENTS: If a student has had three years of one foreign language or two years each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign languages in the college, although he may elect to do so.

FRENCH DEPARTMENT: Students who have had two or more years of high school French are required to take the Placement Exam. They may place in French 101 *for credit*, French 103, French 104, or higher. Admission to French 102 is limited to those who have completed French 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 *for credit*. Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain as to their ability to take Span. 104, or (2) they wish to be exempted from Span. 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Span. 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Span. 101 must follow the prescribed sequence of Span. 101, 102, and 104.

Students who feel uncertain as to their ability to take Span. 104 may opt to take Span. 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the Arts and Sciences language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

FOREIGN LANGUAGE PLACEMENT EXAM SCHEDULE

Registration Testing - October 27, 1972 at 3:00 p.m. in Room 0106 Shoemaker. Students MUST HAVE a picture I.D. to be admitted for testing. French, German, and Spanish placement testing will be offered. During the Fall, 1972 Semester there will be placement testing in Room 0106 Shoemaker Building.
